High Performance at a Low Price
ID TECH is proud to introduce the EconoScan II, our next generation short range CCD scanner that is specially designed to deliver high-end performance at the lowest possible price. The scanner utilizes exceptional decoding technology, making it the best in its class in terms of performance and value.

Ergonomic and Lightweight
The EconoScan II contains no moving parts, yet it is exceptionally lightweight and designed to fit comfortably in the hand for extended periods of usage. This ergonomic hand-held scanner is ideal to be used in a wide variety of markets, including retail, logistics and light industry applications.

High-Speed Contact Scanning
The EconoScan enables quick contact scanning of bar codes up to 4 inches in length. With an impressive scan rate of 200 scans per second, low-quality or damaged bar codes as well as small or high-density bar codes can be read with exceptional speed and accuracy.

Features and Benefits:
- Super slim body design
- The longest reading range in its class
- High scan rate of 200 scans/sec
- Supports most linear barcode symbologies
- Data formatting features
- Continuous and flash scanning mode
