BlueStar COVID-19 Update Statement #4

March 31, 2020

Dear Partners,

In responses to the on-going global concerns related to COVID-19, we want to provide helpful information and links as we jointly address these challenging times. As always, BlueStar remains committed to providing the finest attention and customer service in the industry, delivering the technologies, tools, training, and communication that our partners will require to continue evolving their businesses.

We have taken this time to share some links to important government webpages including financial assistance programs, applications, and CRA Coronavirus tax measures. We have also included healthcare links to the World Health Organization (WHO) and the Public Health Agency of Canada recommendations and updates for the COVID-19 pandemic.

Click on the link below to access this information or click on the main banner at the top of BlueStar’s homepage.

BlueStar’s Business Continuity Updates COVID-19

Please periodically check back to this site for additional updates and helpful information in respect to COVID-19 and BlueStar’s Business Continuity. We thank you for your pledge of business and partnership.

Stay Strong. Stay Healthy.
Sincerely,
