Elo PayPoint®
for Android™ 3.0

Product Overview

Elo’s PayPoint for Android delivers a reliable, retail-hardened POS system with the flexibility and functionality of Google Play Services. Based on a unified architecture, Elo’s Android-powered devices make it easy to create a seamless experience for your customers. The all-in-one mPOS solution brings unmatched style to the point of sale with a distinctive modern aesthetic. Providing everything a merchant needs in a compact Android-powered system, PayPoint includes a 13.3-inch touchscreen, fully integrated peripherals and connections for third party devices. With a flip-for-signature touchscreen and built-in customer-facing display to encourage shopper engagement, this space-saving and commercial-grade AiO is ideal for retail, hospitality, restaurants and entertainment venues.

You can deploy and manage your Android devices with EloView® and take advantage of the latest Google Mobile Services features. Whether you deploy one hundred or one hundred thousand PayPoint devices, EloView® makes it easy to connect and control them while Google Mobile Services gives you access to Google’s most popular apps and APIs.

With Integrated Google Play Services, your app can take advantage of the latest Google GMS powered features
