### Health Center Controlled Networks

Fiscal Year	Funding Source	Application Deadline	Budget/Appropriation
2016	DHHS	01/11/2016	\$25,000,000.00
<b>Program Overview</b>			
<p>Health Center Controlled Networks (HCCNs) bring health centers together to jointly address operational and clinical challenges, particularly the acquisition and implementation of HIT, in a cost-efficient manner. They support participating health centers in achieving meaningful use of certified electronic health records (EHRs) and adopting technology-enabled quality improvement strategies, including health information exchange (HIE). Through these activities, HCCNs will help health centers deliver care in a patient-centered medical home model, participate in value based payment programs, and improve individual and population health.</p>
