

A SLIM INTEGRATION SOLUTION FOR GREATER FLEXIBILITY

INTEGRATION SYSTEM

CADDY SPM ORGANIZER

Economical and versatile configurations

Sleek and streamlined, the Caddy™ SPM cleans up your work space cabling and allows positioning of your LCD display for greater productivity. Reposition your LCD to organize your POS workstation with just a touch.

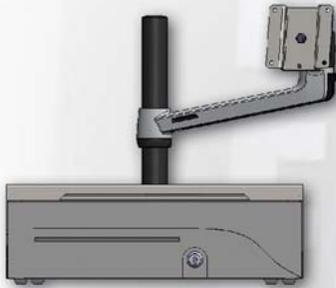

The Caddy™ SPM Organizer now provides additional flexibility by lifting the monitor off of the workstation. It can be positioned to the left or the right, tilted up and down, and raised or lowered to fit your unique workstation requirements. All this fits on the top of a heavy duty Series 100 (16 x 16) or Series 4000 (18 x 16) cash drawer. Easy cable routing and organization is included with no holes to drill or fasteners to install. Unique locating tabs on this slim profile organizer allows secure placement of the Caddy™ SPM on top of the cash drawer.

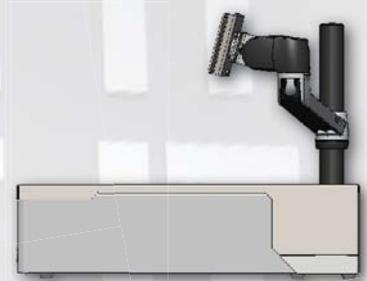

APG CASH DRAWER®

THE CASH DRAWER CADDY™ SPM INTEGRATION

FEATURES

- Monitor Arm supports up to 20" LCD screen (20 lbs)
- Standard 75 mm and 100 mm VESA mounting of the LCD
- Secure mounting to handle touch screen requirements
- Allows for ambidextrous positioning of peripherals
- Fits Series 100 1616 or Series 4000 1816 cash drawers

DIMENSIONS

The unique design of the Caddy™ SPM Organizer provides cable routing in just half an inch above the cash drawer while integrating an LCD in a way that allows for full adjustment and placement of your peripherals.
