

The Minota® Cash Drawer

Light Weight, Secure,
and Affordable

Light Duty Solution

The Minota® cash drawer is a reliable and affordable cash management solution ensuring up to a 750,000-cycle performance. Available in white or black, the thoughtful design of the Minota® cash drawer offers options to best fit your point-of-sale environment.

Minota® cash drawers are lightweight and high-performing; built with a molded base construction, a proven latch and roller wheel suspension system, and a choice between two inner drawers.

A **steel inner drawer (DL)** is a more robust and versatile option, allowing a removable till to accommodate shift changes. The DL model is tested beyond 750,000 cycles.

A **molded inner drawer (DH)** features a built-in till; the most light-weight and economical drawer combo. The DH model is tested beyond 500,000 cycles.

Sleek Design

Molded Base brings a new aesthetically pleasing look to the cash drawer.

Effortless Performance

Proven latch and roller wheel suspension system ensures long lasting performance.

Security Lock Functions

Three Function Lock (manual open, electrically open, and locked closed).

Light Molded Inner Drawer (DH)

A single-pieced molded till and Inner drawer combination featuring a removable coin section.

Tough Steel Inner Drawer

A steel drawer with a removable till will fortify your Minota solution; giving you 750,000 cycles and flexibility to fit a variety of international currencies.

Till choices to fit currencies around the world

Engineered Runner System

Robust Steel Front

Three Function Lock
