

ENTRUST CHANNEL INCENTIVE PROGRAM

Sigma DS2C & IIDaaS Ribbons

Secure. Simple. Smart.

Those are the core tenets at the heart of the best-in-class Sigma DS2C Issuance System and Instant ID as a Service (IIDaaS) cloud badging software. Now, with the launch of the Instant ID as a Service Ribbon for Sigma supplies, we are elevating the issuance experience enabling Indirect Resellers to sell Instant ID as a Service software like hardware.

For the first time, resellers can sell Instant ID as a Service using Instant ID as a Service Ribbons while receiving payment up front without needing to track the account, just like hardware! The ribbon-based solution makes onboarding as easy as loading in new supplies, so your customers are up and running quickly.

Earn per individual sale:

- Sell ONE Sigma DS2C printer and ONE Instant ID as a Service Ribbon, earn **50 points**
- Sell FIVE Sigma DS2C printers and FIVE Instant ID as a Service Ribbon, earn **300 points**
- Sell TEN Sigma DS2C printers and TEN Instant ID as a Service Ribbon, earn **700 points**
