WHAT YOU GET

True omnichannel, out of the box

In-store, online, and mobile on one integration, plus offline acceptance and smart tipping.

Your ISV fee, on the same invoice

Bundle your platform fee with payments processing. No separate merchant billing.

Zero CAPEX, more closed deals

Merchants get modern hardware and software with no upfront cost, via flexible financing.

WHY VIVA.COM

Europe's first Tech Bank for businesses

Live in 31 countries, connected directly to card schemes, digital wallets, and local methods.

A licensed bank, not just a processor

Banking, financing, and payments on one regulated platform, not a stack of point solutions.

WHAT YOUR MERCHANTS GET

Faster checkout, any device

Tap on Any Device turns any Android device or iPhone into a payment terminal. No extra hardware.

Financing that scales with them

Working capital repaid as a share of sales, so support flexes with their revenue.

One bill, one relationship

Payments, banking, and financing on one platform. No second vendor to manage.

Instant access to their money

Earnings land in their Viva.com account in real time.

Cashback that can bring fees to 0%*

Paying expenses with a Viva.com Business Debit Card earns cashback that offsets fees.
