

Patient Identification Solutions

○ Connecting health systems to what matters most

Connecting You to Enhanced Safety, Efficiency & Compliance

PDC Healthcare enables connected care from admission to discharge with end-to-end identification solutions, including printers, scanners & software, wristbands and labels that work seamlessly with your EHR. Our vast wristband portfolio fits into your health system's existing workflows to accurately match each patient to the correct medical record, medications, specimens and procedures at every stage of care. **PDC end-to-end ID solutions enable:**

- Fewer patient ID errors
- Increased patient safety
- Improved workflow efficiency
- Compliance with PO contracts
- A smooth and effective check in at admissions
- Connection to the EHR for accurate treatment

Day after day, shift after shift, you can depend on PDC's highly reliable identification solutions purpose-built for your workflows.

Get peace of mind by partnering with the supplier trusted by over 90% of US hospitals for more than 70 years.

The Perfect Fit for Your Entire Organization

- Provides value-driven solutions for greater cost savings and contract compliance
- Dependable identification for patient safety and satisfaction
- Reliable and easy for clinicians to use

High Quality. High Performance.

- Material science meets intelligent design to maximize print durability, patient comfort, and performance
- Withstands water and common hospital solvents
- Superior scanning
- Latex-free, phthalate-free

Convenience. Compatibility.

- Direct drop-in replacement formats require minimal IT support
- Compatible with all leading printers

Direct Thermal Wristbands

Fast and cost-effective printing with crisp, accurate barcodes every time.

Reduce waste and optimize efficiency with superior print performance and scanability.

ScanBand® DR

Long-lasting, ultra-durable thermal wristband

- Advanced material engineered to deliver superior print performance, barcode scanability, and reliability
- Quick and easy printing and application
- Economical and efficient
- Secure, quick-tab adhesive closure

Certified for **PDC Certis** Printers

Certified for
PDC Certis C1-30 Printers

Easy Drop-In Wristband Carrier

Simply drop it into the printer to auto-calibrate the settings for efficient changeovers and mistake-proof loading

Brady LabelSense

Save time with automatic setup and calibration to minimize waste

Fewer Changeovers

More wristbands on each roll saves time with less refills

Wristband Visibility

Open-faced carrier design allows visibility to wristband usage and an easy fix if a material jam occurs

GPO Contracted

Contracted with Vizient, Premier and HealthTrust for member cost-savings

Supply Chain Resiliency

Firmware adjustments enable contingency plans in the event of supply chain disruptions

Recyclable Construction

Simply pop the chip out and recycle using your facility's existing plastic recycling program

Made with Less Plastic

Than competitive desktop wristband printer cartridges*

*Measured by weight for a carrier/cartridge for 1-inch wide wristbands, without wristbands

Laser Wristbands

Convenient combination of patient ID wristband and labels in one easy-to-use solution

Compatible with all laser printers and available in multiple drop-in formats for simple setup and printing

Unique materials protect patient information and provide superior print quality and durability.

DuraProtect® Superior Protection, Simplified Process

- Laminate shield ensures around the clock protection and prevents fading, smearing, and smudging
- Unique peel off design eliminates complicated assembly and provides easier caregiver application
- Soft film material improves patient comfort

DuraProtect® TenderCare®

- Mother/Father/Baby style helps ensure every newborn is properly identified and matched to their parent(s)

Laser Wristbands

Convenient combination of patient ID wristband and labels in one easy-to-use solution

Compatible with all laser printers and available in multiple drop-in formats for simple setup and printing

Unique materials protect patient information and provide superior print quality and durability.

DuraSoft® Simplicity Meets Softness

- Features an easy-to-use, peel-off design without a laminate overlay, streamlining the application process
- Advanced material offers barcode and print durability
- Ultra-soft and smooth material provides enhanced patient comfort
- Wide variety of styles offer direct drop-ins for existing laser wristbands and work with all leading printers, while eliminating jamming and need for complicated print adjustments

Thermal Patient ID Printers

Reliable, Fast Printing of Patient Info & Barcodes

- Designed to perform and last in the healthcare environment
- Simple implementation and user-friendly designs for worry-free wristband printing
- Seamless EMR integration with Epic, Cerner, MediTech, and more
- Reliable performance validated by thousands of hours of testing
- Industry's most competitive printer warranties at up to 3 years

Code® Barcode Scanners

Barcode Scanning for Increased Patient Safety

- Save critical seconds by reading any barcode, in any condition on virtually anything
- Disinfectant-ready CodeShield® plastics outlast “antibacterial plastics” by withstanding routine sanitation and healthcare-grade cleaners — devices won’t yellow, crack or fail prematurely
- Remote firmware updates keep devices current — greater convenience, greater value
- Mission-critical barcode readers are ready to ship — stop waiting, start scanning

We're powered by Brady—a global provider of interconnected identification solutions at scale.
