

HONEYWELL SERVICES

Scanners

Honeywell Services are a complete solution that provides support for the entire lifecycle of a scanner – from configuration and installation to ongoing support, migration, asset retirement, and recycling.

SERVICE BENEFITS FOR SCANNERS

Whether it's corded, cordless, or hands-free, scanners are instrumental to our daily lives and your business. Don't let scanner downtime hurt your bottom line. Select from three levels of service and a variety of upgrade options to customize a support plan that best fits the needs of your business and budget.

Basic and Gold maintenance service plans cover device technical support with the ability to customize with add-on options. The Platinum Solution plan offers our most comprehensive coverage and includes device and device accessory replacement.

Honeywell will obtain and manage an agreed percentage of spares that will ship within 24-48 hours of replacement request so you never have a lag in productivity.
