

MEGH COMPUTING SMART ENVIRONMENT

- Hardware: Simply NUC Server
- Software: Megh Computing
- One-liner: Deliver on the Promise of AI
- Solution: With a Simply NUC Server and Megh Computing software, deploy on edge gateways at multiple sites and create a smart, safe warehouse for all. With the explosion of streaming data from cameras and sensors, there is a growing need to process data at the edge. Megh Open Analytics Platform addresses this need, offering performant, scalable, AI-based analytics.
