

Safety labelling and signage solutions

www.brother.co.uk/safetylabelling

Safety labelling solutions

Brother's Safety Labelling Solution puts you in control. With our label design software, durable label rolls and a professional-grade thermal transfer printer, your team can easily produce compliant safety signs and labels, on site, whenever needed.

Our printers, consumables and software are designed to work together as one complete solution that fits businesses of all shapes and sizes. And by printing on demand, you can eliminate the need to hold excess stock.

One supplier, one support relationship, and one solution you can count on.

12mm | 100mm
label widths

Label uses:

HSE and fire safety signage
Danger/warning notices
Pipe labelling/fluid direction
Equipment Identification
5S/process management
Hazardous chemicals CLP-GHS
Floor marking
Rack labelling

Key industries:

Facilities Management
Laboratory
Chemical, oil and gas
Warehouse
Construction
Workplace health and safety

SafetyLabelPro

Software that makes safety labelling simple and compliant

- SafetyLabelPro's intuitive design wizard walks you through label creation step by step, and the software tells you exactly which ribbon and label media you need.
- Templates are fully customisable, so you can tailor every label to your site.
- There are no hidden costs, and no ongoing licence fees.
- It's simple to install, with automatic updates, and no IT support is required.

Contact us for your 7-day free trial:

Consumables - Ribbons and rolls

A flexible range of durable ribbons and rolls designed to meet diverse labelling and signage requirements. Available in multiple widths and colours, with low minimum purchase quantities and specialist options to support a wide variety of applications.

Premium resin ribbons

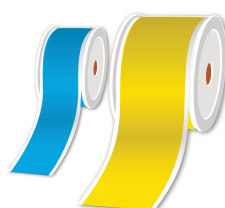

Resin ribbons paired with Brother's vinyl media create durable, scratch-resistant signage designed to ensure long-term performance and a professional finish. Engineered to withstand temperatures from -30 °C to +90 °C and offering a lifespan of up to eight years, this combination is ideal for applications where longevity and resilience truly matter.

Continuous vinyl label rolls

Perfect for indoor and outdoor labelling, with these vinyl rolls are resistant to UV, extreme temperatures and chemicals, and have a specialist adhesive suitable for a wide variety of surfaces.

To meet different application needs, a wide range of options are available, including fluorescent and phosphorescent finishes, as well as ultra-destructible and security label materials.

Highly resistant to:

Consumables - Pipe marker rolls

Marker rolls for pipes and tubes

A wide range of markers, with or without pictograms, for identifying pipelines that transport fluids such as gas, chemicals, steam and water. These pipeline markers indicate the direction in which fluids are flowing, with perforated arrow heads to indicate the correct flow direction, providing maximum safety and regulatory compliance and preventing workplace accidents.

Consumables - Regulation and compliance

Rolls of die-cut and pre-printed CLP/GHS labels

Essential for identifying hazardous chemicals and ensuring worker safety. Our resin ribbons and vinyl consumables ensure label longevity, even in harsh environments. Choose from 1 to 5 CLP pictograms per label, with or without text, and add the relevant warning and precautionary statements via the SafetyLabelPro software.

TD-4T range

Labelling solutions built for real work

4-inch thermal transfer desktop printer

Direct thermal and thermal transfer print technology

Print width up to 108mm

Print speeds up to 152mm/s

203dpi print resolution

USB, USB host, serial and wired LAN connectivity

FBPL-EZD (EPL 2, ZPL 2, DPL) emulations supported

TD-4420TN

High-resolution 4-inch thermal transfer desktop printer

Direct thermal and thermal transfer print technology

Print width up to 105.7mm

Print speeds up to 127mm/s

300dpi print resolution

USB, USB host, serial and wired LAN connectivity

FBPL-EZD (EPL 2, ZPL 2, DPL) emulations supported

TD-4520TN

Available packs:

Package 1: Printer, cutter and software TD-4420TNF2/TD-4520TNF2

- TD-4420TN (203dpi) or TD-4520TN (300dpi) label printer
- PACU003 cutter installed
- SafetyLabelPro software included

Package 2: Printer and cutter TD-4420TNF2

For teams who already have SafetyLabelPro or want to add another printer.

- TD-4420TN label printer
- PACU003 cutter installed

Simple media loading for thermal transfer ribbons and vinyl consumables.

Compact printer footprint saves desktop space.
