HEALTHCARE SOLUTIONS

Specimen Delivery On-the-Go

Honeywell

MCE
Medical Courier Elite®

Hardware: Honeywell CT30XP

Software: Medical Courier Elite Software

One-liner: Optimize specimen traceability!

Solution: With Honeywell's CT30XP and MCE's cloud-based software, create a total solution for specimen tracking! MCE is a mobile application solution designed specifically for outreach medical laboratories and hospital courier systems. Track specimen and supply pick-up/deliveries while building efficient courier operations electronically.
