

In-a-Box® SOLUTIONS

HEALTHCARE SOLUTIONS

VeeOne Telehealth

Hardware: Zebra's ET40/45
Healthcare Tablet

Software: Veeone's Telehealth software

One-liner: Built to meet the demands of
healthcare!

Solution: The solution addresses the needs of patients and providers at every stage in the patient journey: In-Patient, Out-Patient and at home through Remote Patient Monitoring. The comprehensive solution can easily integrate into any workstation to provide accessible care to patients in any economic or chronic situation. Lastly, the solution wouldn't be complete without the providers, VeeOne can provide the actual specialist as well!
